Take the chance to live the **GRAND PRIX in MONTE CARLO** within the most favorable, exclusive and amazing context and watch the race from **aboard a fabulous four-deck yacht.**

EXCLUSIVITY

There are many ways to share such a relevant and emotional event, but nothing compared with being aboard a yacht and find yourself amid the action.

We selected this motor-yacht specially for this event, that is the most prestigious Grand Prix all over Europe, to welcome and accommodate our guests in the wide four-deck areas. From a higher position than any other boats, even latest-generation ones, we grant a wide and predominant sight above the surroundings and above the other crafts.

Discretion, comfort and privacy for you, as sole guests occupying our large and elegant motor-yacht, to enjoy quietly the marvelous Hercules Port which becomes even more fascinating in such occasion.

We offer an extremely privileged position to watch the car race and a breathtaking sight on the rush outside the tunnel, then on the Nouvelle Chicane with curve 10 and curve 11, where the cars will pass at a few meters distance from the yacht, hence without any impediment to your sight.
